

CONTROL, YOUR WAY

Solutions for complete command of your Crestron® smart home.

LUXURY LIVING AT YOUR COMMAND

Why is Crestron the undisputed leader of the smart home industry? Simple. We give you the best experience by far. We're the only company that designs, manufactures, and supports every single product that makes up your smart home solution. That's how we ensure the unparalleled performance and reliability that are the hallmarks of Crestron.

With our extensive collection of intuitive control options, the Crestron smart home experience is always at your command. Between customizable designer keypads, sleek and brilliant touch screens, and ergonomic handheld remotes, you'll find an elegant Crestron control device to suit every space and need in your home.

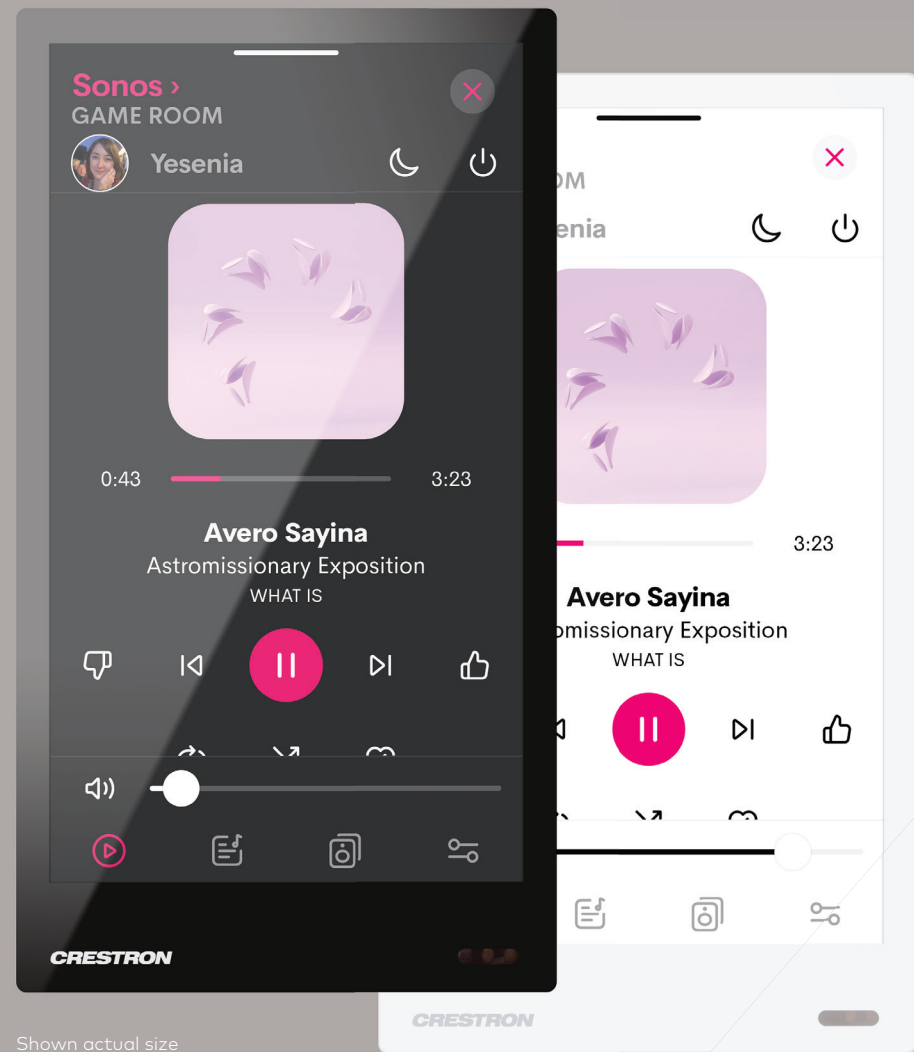

Tabletop 10" touch screen

TOUCH SCREENS

CONTROL OF EVERYTHING IN YOUR HOME SHOULD BE SIMPLE

It is — with beautiful, best-in-class Crestron touch screens available in a wide array of wall-mount and tabletop models. A Crestron touch screen does away with unsightly piles of remotes and wall switch clutter, as well as the confusion of multiple control apps. Instead, you'll enjoy intuitive control tailored just for you.

5", 7", AND 10" TOUCH SCREENS 70R Series

Shown actual size

Space-saving wall or tabletop 70R Series touch screens boast a clean, contemporary appearance with edge-to-edge glass, stunning high-definition graphics, and backlit capacitive buttons. Available in 5", 7", and 10" screen sizes, the 70R Series delivers the ultimate touch experience. They're designed to meet the specific needs of your home, either through custom programming or the Crestron Home® OS.

FEATURES

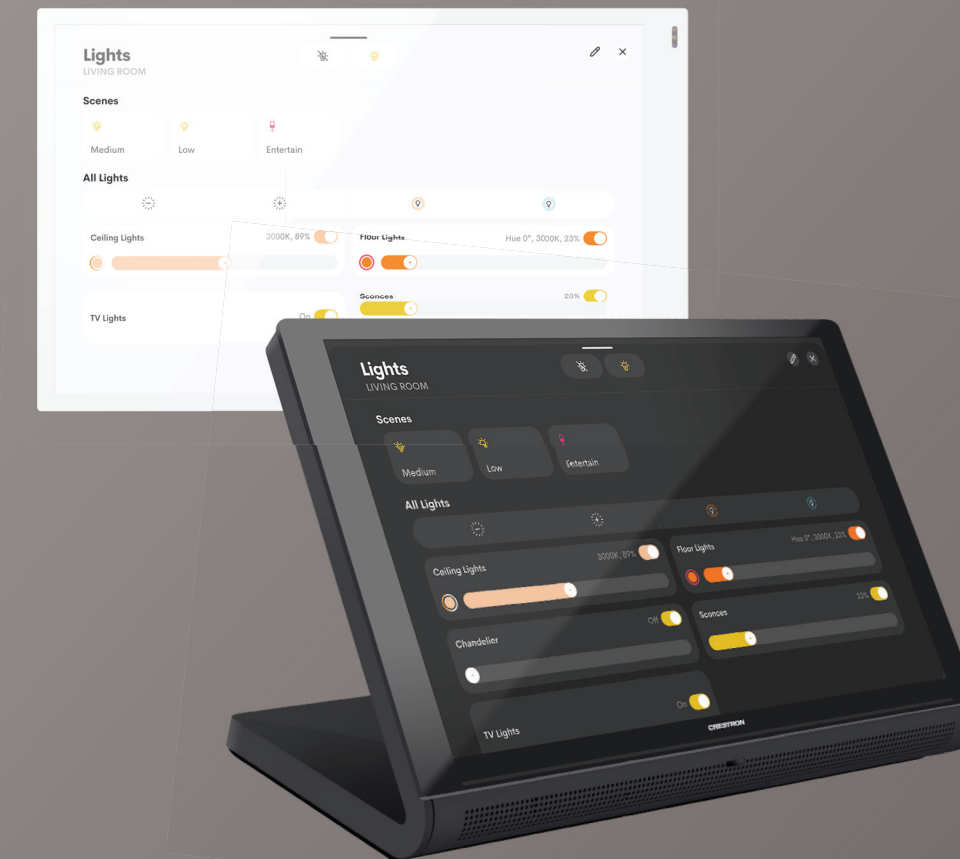

- Voice command recognition
- Streaming video
- Web browsing
- Native Sonos® audio integration
- Microphone to support video intercom on 7" and 10" models
- High-gloss black or white finish
- Automatic screen brightness with ambient light sensor

10" TOUCH SCREEN
TS-1070R | TSW-1070R

10" WIRELESS TOUCH SCREEN TST-1080

Get the freedom to control lighting, audio, shading, and more from all around the house. The TST-1080 combines performance and flexibility that feels right at home in modern smart homes. A sleek, portable design. Edge-to-edge glass. 10.1" high-definition touch screen. Responsive capacitive touch interface. It all comes together for effortless management of your entire environment.

FEATURES

- Long-distance, long-lasting control with reliable Wi-Fi® communications and extended battery life
- Slim, lightweight profile and smooth black finish blend seamlessly in any space
- Built-in mics and speakers power whole-home communication
- Instant wake and auto-brightness make it easy to operate
- Fully compatible with Crestron Home® OS or custom programming for comfortable control
- Tabletop charger or optional flush wall-mount dock make for flexible docking

CRESTRON HOME® DESKTOP TOUCH SCREEN UC-MM30-R

Transform your home office into a professional-quality collaboration place, with premium audio conferencing, plus advanced Crestron Home room control. All at your fingertips. At a price anyone can afford. Take calls, control music, shades, and temperature, all from one sleek and compact desktop device. Working from home never looked or sounded this good.

FEATURES

- Quick setup – plug in and connect to Wi-Fi® network
- 360-degree microphones pick up 10' range
- Low-profile – blends in with any room
- 7" touch screen for easy-to-see-and-use controls
- Small footprint – fits easily on desks and tables
- High-fidelity speaker delivers clear speech

REMOTES

TAKE CONTROL TO A LUXURIOUS AND PERSONALIZED NEW LEVEL

Slim and stylish in every detail, and custom engraved for your lifestyle, Crestron handheld remotes give you perfect control right where you need it. With consistent, thoughtfully designed navigation and dependable wireless performance, you'll never miss a beat as you roam about your home. Everyone can easily access their favorite entertainment at just the press of a button.

Cevo Mini Remote

CEVO MINI REMOTE HR-CV-MINI

Built for how you watch today — and will tomorrow — Cevo Mini delivers effortless entertainment and environment control in a smaller, ergonomically designed package. Experience the ease of fewer buttons, an intelligent layout, and direct control of your favorite streaming platforms. Switch between services. Adjust volume. Launch your favorite content. Easy.

FEATURES

- Interactive, customizable cells activate shortcuts and scenes with one touch
- Refined metal profile and single glass panel design
- Satisfying tactile feedback at each press
- Charge via wireless charging dock or plug-in USB-C® connectivity

Cevo Mini Remote in AV control mode

FLEXIBLE INTERACTIVE CELLS

The Cevo Mini Remote doesn't stop at media streaming and control. You can personalize the interactive cells for instant access to custom scenes. Create the perfect ambiance for any activity, any time of day with simplified control of your lights and shades.

WIRED OR WIRELESS CHARGING

The Cevo Mini Remote is always ready to entertain. With both wireless charging and USB-C connectivity built in, you can charge however works best for you.

HANDHELD REMOTE HR-310

The HR-310 Handheld Remote offers most of the same high-end features of the flagship TSR-310, including superb ergonomic design, incredible button feel, engravable buttons, movement sensor, and more. Also, like the TSR-310, it's built for durability and wrapped in a textured easy-grip housing to provide extraordinary comfort for hours of one-handed use.

FEATURES

- Backlit tactile buttons
- Metal navigation buttons
- Long battery life utilizing standard AAA batteries
- Nine custom engravable buttons to display the most frequently used functions
- Ultra-reliable Crestron wireless communications
- Available in black or white

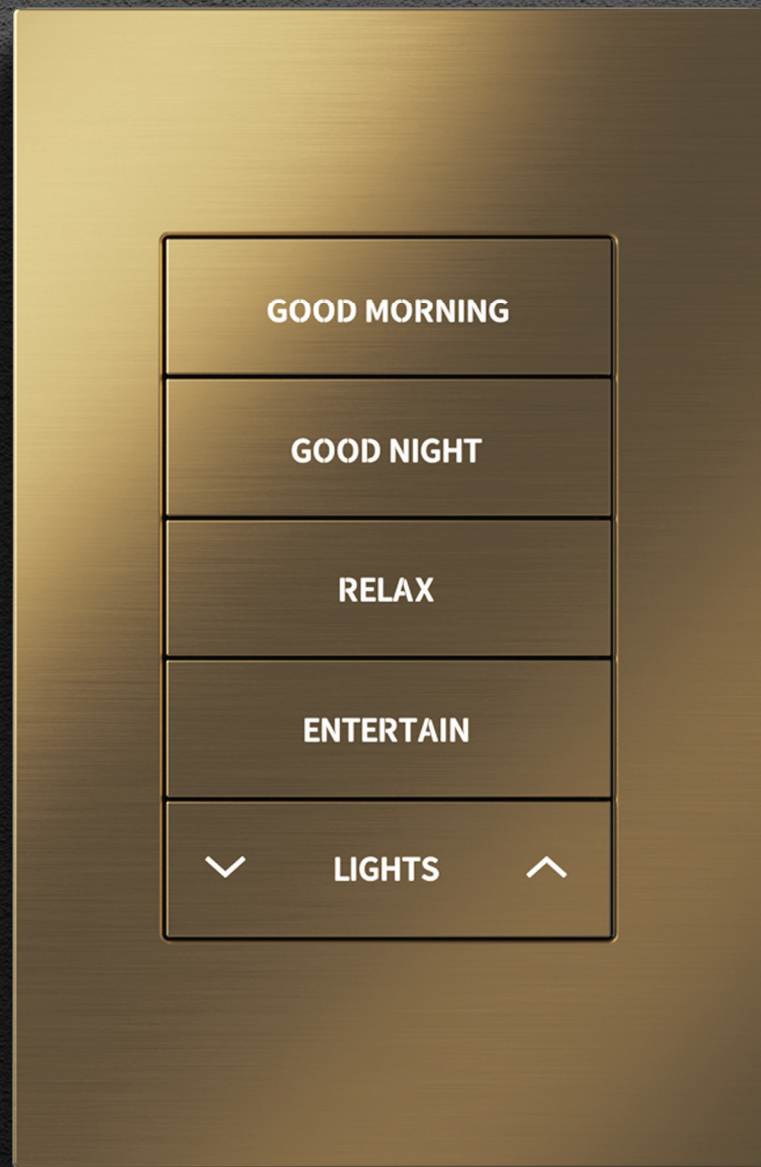

TOUCH SCREEN REMOTE TSR-310

Our flagship model, the Crestron TSR-310 is a remote actually worth fighting over. It combines all the best elements of the previous generation of Crestron remotes with: even more advanced functionality; superb ergonomic design; incredible button feel; voice control; custom engravable buttons; movement sensor; profiles settings; multi-color buttons; and more. Ruggedized for durability and wrapped in a textured easy-grip housing, it delivers exceptional comfort and ergonomics for hours of one-handed use.

FEATURES

- Built-in 3" touch screen display with stunning resolution
- Metal navigation buttons
- Rechargeable battery that lasts three to four days between charges
- Incredible processing power
- Wi-Fi® connectivity for high-bandwidth communications
- Voice control
- Available in black or white
- Matching vertical charging station (included)
- Matching horizontal charging station (sold separately)

Next-generation Horizon® keypad in brushed brass metal finish with illuminated custom engraving.

KEYPADS AND DIMMERS

SOPHISTICATION AND CUSTOMIZABLE CONTROL

Crestron keypads and dimmers complement the most luxurious and contemporary interiors. Available in an expansive variety of finishes, materials, and button configurations, Crestron keypads and dimmers deliver simple, on-the-spot control of audio, video, lighting, shades, temperature, security, and more.

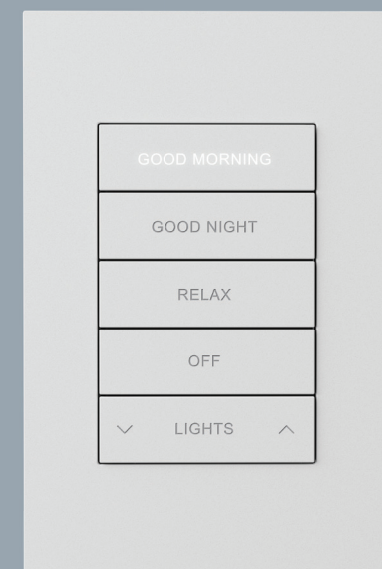

HORIZON KEYPADS AND DIMMERS Control that feels as good as it looks

Inviting to the touch and appealing to the eye, Horizon® keypads and dimmers give you customizable control that accentuates any décor. They're available in a variety of consistent colors and flawless finishes — including subtle textured, premium glass, and elegant metal. Create the perfect keypad or dimmer for every space and taste.

FEATURES

- Clean, refined designer finishes
- Subtle button protrusion for enhanced texture and feel
- Customizable backlight color for each button
- Custom engraving to meet the needs of each space
- Dynamic RGB backlighting
- Ambient light sensor
- Choice of six button configurations

CONFIGURATION

Perfect control is different for everyone and every space. Horizon keypads and dimmers offer you six button-configuration options to suit the needs of every space and your personal preferences.

CUSTOM ENGRAVING

More choices, more style. Horizon keypads and dimmers offer a world of button-engraving options, even icons and foreign characters.

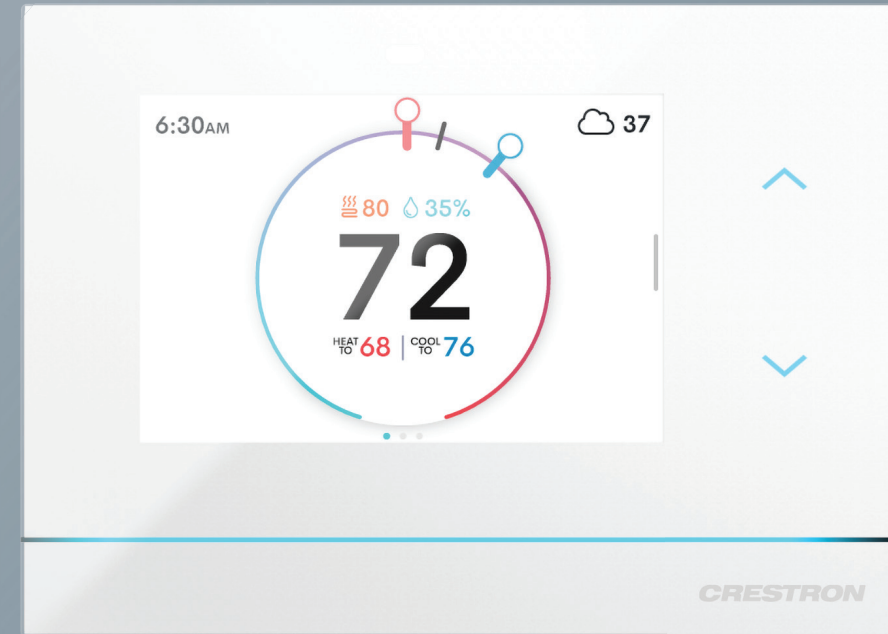

HORIZON ACCESSORIES Match your needs

Enjoy a consistent look throughout your home with designer-paired accessories that bring the beauty and simplicity of Horizon keypads and dimmers to climate control and wall receptacles.

THERMOSTAT

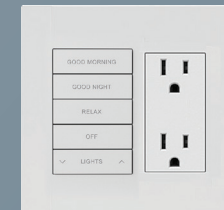

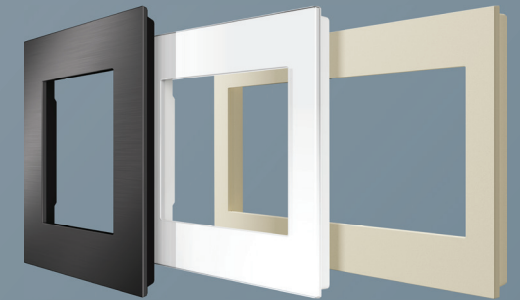

With their ultra-slim profile and modern design, feature-rich Horizon smart thermostats are always neat and discreet. Intuitive controls and a bright high-resolution touch screen make settings as easy to see as they are to adjust.

Modern aesthetic
Horizon touch screen thermostats add an elegant design accent with a quick-look backlit status bar. Available in black, white, or almond glass finishes.

FACEPLATES

You're sure to find a Horizon faceplate that's just your style. Available in one- to four-gang, and in all textured, glass, and metal finishes.

Decorator-Style Faceplates
Matching decorator-style faceplates complete the consistent look throughout the home. Available in one- to four-gang, and black, white, and almond textured finishes.

Keystone Jacks
Matching Horizon keystone jacks harmonize your home office decor. Available in one, two, and four keystone options, in black, white, or almond textured finishes.

CAMEO KEYPADS Tailor every detail from touch to tone

Complement luxurious interiors and bring selection to sophistication with Cameo® keypads and dimmers. Rich colors. The choice of smooth or textured finishes. Nearly endless personalization — from custom-engraving to button styles to layout configurations. Cameo keypads can be made to match almost any style and perform almost any function — in new and retrofit applications.

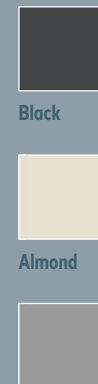

FEATURES

- Stylish, versatile, unified design
- Eight color-matched smooth and textured finishes
- Versatile pushbutton combinations
- Choice of four button sizes
- Customizable backlit button engraving
- Dynamic RGB backlighting
- Ambient light sensor
- Wired or wireless communication

CREATE YOUR OWN CONTROL

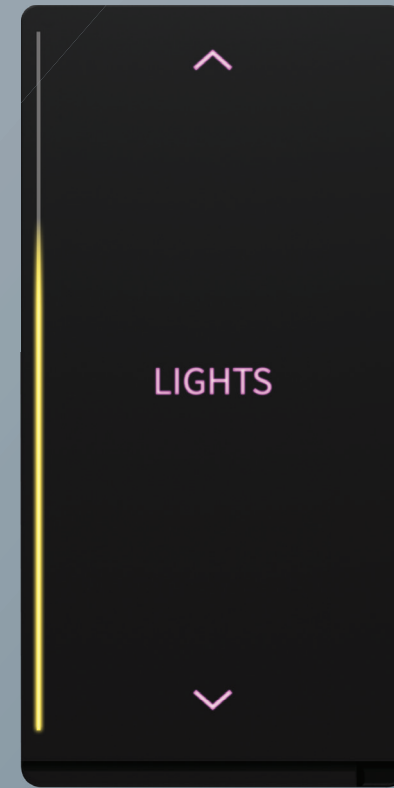

Cameo keypads can be configured into **137 unique layouts** for true versatility. Plus, custom engravings give you full flexibility over their form, function, and language. Buttons. Icons. LED backlight colors. It's all up to you — and all under your control.

CUSTOM INDICATORS THAT MATCH YOUR STYLE

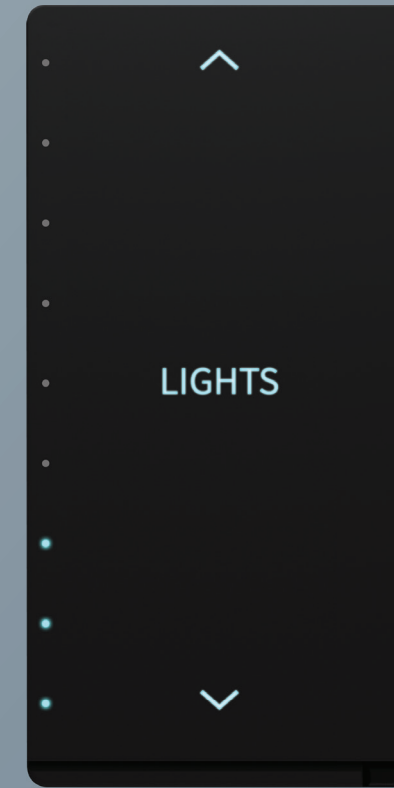

Cameo keypads offer three distinct indicator styles — bar, dot, or none — to personalize your home's control experience. Each indicator can be independently configured to match your design vision and functional needs.

Bargraph

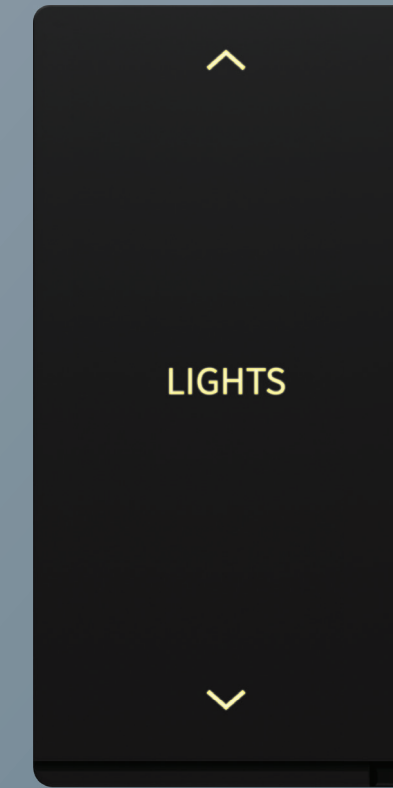

Provides clear, dynamic feedback for lighting levels or scene status. Perfect for large rocker switches.

Dot

A minimalist option that adds subtle elegance without distraction.

None

For a clean, uninterrupted aesthetic when visual feedback isn't needed.

CAMEO INTERNATIONAL KEYPADS

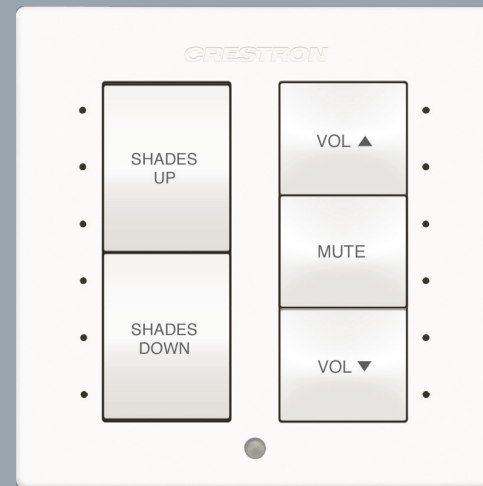

BRING A TASTEFUL, ATTRACTIVE APPEARANCE TO ANY ENVIRONMENT C2NI-CB SERIES

These flexible keypads are designed for installation in UK and European-style wall boxes, and can also be mounted into furniture without requiring a backbox. Optional architectural Elegance faceplates offer a metallic accent for a sophisticated appearance.

UNPARALLELED PERFORMANCE, RELIABILITY, AND PERSONALIZATION

Crestron is the only company that designs, manufactures, and supports all of the products in your complete smart home system

AUDIO

Crestron makes entertaining truly effortless. Set the mood for the party with one touch. Want different music playing in the kitchen than in the dining area? Crestron has everything you need to deliver audiophile-grade performance everywhere in your home, both inside and out.

VIDEO

Crestron takes your viewing experience to a whole new level. Whether you're watching your favorite show on cable TV, streaming a blockbuster movie, or gaming in 4K Ultra HD, one touch ensures the screen you're viewing is optimized for all content.

LIGHTING CONTROL

Once the day's done, set the perfect scene for a family dinner or to snuggle up for a movie, as the screen drops, the lights dim, and you settle in for a perfect evening.

SHADES

Crestron motorized shades and drapery systems transform any room into a more spectacular space. Our stunning designer fabrics, elegant hardware, and world-class technology offer the perfect shading solution for all the windows in your home.

CLIMATE

With Crestron, your home is always at the perfect temperature. With support for multiple heating and cooling zones you can adjust the temperature of different areas of your home independently. Everyone's comfortable, wherever they are. It's intuitive, sophisticated climate control for every room and season.

SECURITY

Keep a closer eye on your home. Crestron gives you the freedom to control your security and monitor cameras remotely, for ultimate peace of mind.
